

Title: ROUNDTABLE FOR STAKEHOLDERS

Dates & location: 18th January 2008, Madrid, 10:00-14:00h, Premises of the Polytechnic University of Madrid. Madrid. Spain.

Number of Participants: 10 (Regional Government-2, Energy Agency-1, Energy Companies-3, University-2 and ESCAN-2)

Short description:

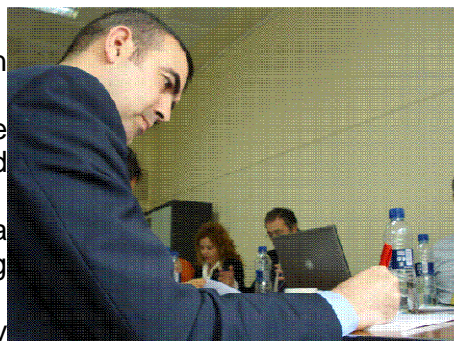

The stakeholder's roundtable had the following agenda:

- Presentation of the EL-EFF-REGION progress and results of WP2: survey and benchmarking.
- Presentation of the material developed for the "Action Package" (Brochures, PPTs, Calculation Tool, Exhibition Pannels, Sticker). First ideas on ways of dissemination
- Presentation of the preliminary "list of measures"
- Discussion

The main conclusions were:

- Approval of the information and dissemination tools presented.
- The determination a list of 16 measures as the ones for further discussion, development, and preparation of the Regional Action Plan
- The agreement on the establishment of a permanent EL-EFF-GROUP by 2009, involving the main Regional actors.
- Interest in organising a Regional Event by February 2008.

Background:

The *Stakeholders Roundtable* was organised with the aim of presenting the updated information on the progress of the EL-EFF-REGION to interested stakeholders, to obtain their feedback through the discussion. The main tasks presented were related to WP2 - Analysis and Data Collection-, the WP4 -Action Package - and the list of measures prepared in WP3 with the information of the previous tasks.
