

## EVENT DESCRIPTION

### EL-EFF Region

**Title:** Smart Energy – How can energy efficiency increase in Region Västra Götaland

**Date & location:** 2007-11-06, Elyseum, Göteborg, Sweden

**Organiser:** KanEnergi Sweden AB and Region Västra Götaland

**Number of Participants:** 16

#### Short description:

A half day round-table meeting was arranged for stakeholders, including electricity producers and suppliers, NGOs, energy agencies, real estate companies, energy intense industry, regional politicians, the regional administration and retailers. The event was arranged by KanEnergi Sweden AB in cooperation with the Region of Västra Götaland.

The event aimed to discuss what the different stakeholders can do to overcome the barriers for more efficient electricity use in Region Västra Götaland.

#### Background:

Efficient use of electricity is crucial to move towards sustainability. The round-table meeting was arranged as a part of the EU-project EL-EFF Regions, aiming to support the work for more electricity efficient regions in Europe.

In Region Västra Götaland, there is an ongoing process aiming to create a climate strategy for the region. The process is called the climate dialogue Smart Energi and has six different focus groups. The event was arranged in cooperation with the focus group for efficient energy use in buildings.

#### Aim & programme:

The aim of the meeting was to initiate a discussion on how different stakeholders in Region Västra Götaland can increase the efficiency of the electricity use, with focus on measures that the public bodies can implement.

*Work shop discussion between actors from private and public sector*

The meeting started at 1 pm and ended at 5 pm.

- Welcome, presentation of the participants and the climate dialogue “Smart Energi”.
- Presentation of EL-EFF Regions
- Presentation of the findings in WP2 including the representative survey
- Presentation of result from stakeholder survey in WP 3 in EL-EFF Regions
- Work shop on how to improve efficiency of electricity use in Region Västra Götaland
- Coffee break
- Presentation of result for work shop and discussion
- Presentation of market for low energy houses in Region Västra Götaland

### Results, follow-up:

The result will be included in the brief report in WP 3 in EL-EFF Regions and be sent to the participants of the work shop. The result will also be used when developing a list of measurers in WP 3 in EL-EFF Regions.
