

## EVENT DESCRIPTION

### EL-EFF Region

**Title:** Technical Seminar “The use of renewable energy sources in the sustainable development of the Pomeranian Region”

**Date & location:** 28<sup>th</sup> October 2008, Gdańsk – Head Office of Pomeranian Agricultural Advisory Centre

**Organiser:** Pomeranian Agricultural Advisory Centre and BAPE

**Number of Participants:** 90

**Short description:**

The event was organized by Pomeranian Agricultural Advisory Centre with the support of BAPE.

The seminar was addressed to farmers, agricultural advisors and representatives of local and regional authorities. The event focused on the utilisation of renewable energy in Pomerania, possible financing of investments in renewable energy sources and saving electricity in agricultural holdings.

**Background:**

Pomeranian Agricultural Advisory Centre is very active in educating farmers and local authorities and eager to cooperate with specialists from energy conservation agencies and other experts in order to spread the knowledge on sustainable development of Polish rural areas.

**Aim & programme:**

The aim of the technical seminar was to make the agricultural advisors, farmers and representatives of local authorities aware of the necessity to use the electricity in a rational way as well as to inform them about funding available for sustainable investments.

*Agenda of the seminar:*

1. *Natural agricultural resources to be used for energy generation – Mariusz Stolorski (Warmia and Mazuria University in Olsztyn)*
2. *Economic aspects of biomass and biogas use – Edmund Wach (BAPE)*
3. *The use of heat pumps and solar energy – Dorota Chwieduk (Warsaw University of Technology)*
4. *The use of biofuels in transport – Andrzej Szajner (Bałtycka Agencja Poszanowania Energii SA)*
5. *Saving electricity in agriculture – Paweł Bućko (Bałtycka Agencja Poszanowania Energii and Gdańsk University of Technology).*
6. *Financing investments in Pomeranian Region (Regional Operational Programme, Programme of Rural Areas Development) – Justyna Durzyńska ( Pomorskie Voivodeship Marshal Office)*
7. *Financial support offered by Regional Fund of Energy Conservation and Water Management – Robert Bogdanowicz (Regional Fund of Energy Conservation and Water Management)*

**Results, follow-up:**

The presentation of the topics was followed by a heated discussion among the speakers and the participants of the seminar. The event was attended by reporters from a local TV station who interviewed the speakers afterwards. The interviews were broadcast on the same day on a local channel reaching the whole area of Pomerania Region (population 2.2 mln). Various printed materials were distributed, among others the brochure on saving electricity in agriculture developed under the EL-EFF project.

The topics turned out to be so interesting to the audience and representatives of different branches of Pomeranian Agricultural Advisory Centre that another seminar was planned to be organized in Stare Pole in November.
